“ROMGAZ” SA

# **REPORT ON PAYMENTS TO GOVERNMENTS**

**for 2020**

This report shows the payments made by SNGN Romgaz SA (the "Company", "SNGN Romgaz") for 2020 financial year according to Order No. 2844/19.12.2016 of Ministry of Public Finance ("OMPF 2844/2016").

This order is applicable to public entities and transposes into national legislation the provisions of Directive 2013/34/EU of the European Parliament and of the Council on the annual financial statements, consolidated financial statements and related reports of certain types of undertakings.

Based on these regulations, SNGN Romgaz SA, a company traded on Bucharest Stock Exchange (BVB) and London Stock Exchange (LSE) with main scope of activity: prospecting and exploration, discovery, development and exploitation of petroleum from fields in the company's portfolio, is required to prepare the **Report on payments to governments**.

This paper is a consolidated report for it summarises the payments to governments as a result of production operations.

Payments performed by Filiala de Inmagazinare Gaze Naturale Depogaz Ploiesti (the Underground Storage Subsidiary) have not been included in this report due to the fact that the natural gas underground storage activity is not the subject of payments to governments.

This report can be found on the company website: [www.romgaz.ro](http://www.romgaz.ro)

## Definitions

**Regulatory framework:** the Report was prepared in accordance with Chapter 8 of OMFP 2844/2016.

**Reporting entity:** the report refers to a single reporting entity, SNGN Romgaz SA.

**Activities:** the payments disclosed in this report arise from SNGN Romgaz SA activities in the field of exploration, prospecting, discovery and production of natural gas and other extractive materials under licenses granted by the authorities. This report excludes SNGN Romgaz SA activities in natural gas underground storage, electric power generation and other auxiliary activities of the gas extractive industry that are included in the scope of activity.

**Government:** means any national, regional or local authority of a Member State or of a third country. It includes a department, agency or undertaking controlled by that authority.

**Project:** means the operational activities that are governed by a single contract, license, lease, concession or similar legal agreements and form the basis for payment liabilities to/towards

---

a government. None the less, if multiple such agreements are substantially interconnected, and form the basis for a payment obligation to the government, these shall be considered a project.

**Payment:** The types of payments included in this report refer to:

a) Production entitlements;

These refer to the government's share of production in a project jointly undertaken with a governmental authority. The Company has no ongoing projects of this kind, thus the report does not include this type of payments to governments.

b) Taxes and fees

Taxes and fees include the taxes levied on income from gas production activities (tax on additional income obtained further to the deregulation of gas prices) and the tax on the company's profit (tax on profit). The report does not show the taxes levied on consumption, such as the value added tax, the tax on personal income, taxes and fees related to properties or environmental taxes and fees.

c) Royalties

Royalties represent the amounts paid under petroleum agreements concluded in compliance with applicable laws for the exploitation of a petroleum field (petroleum royalties) and for exploitation of mineral resources, respectively (mineral resource royalty).

d) Dividends

Refers to dividends paid to governments, amounts that do not represent the dividends paid off to a government as common or ordinary shareholder of the Company as long as the dividends are paid to the government on the same terms as to other shareholders. The Company did not pay in 2020 other amounts as dividends to governments except for the dividends paid to a government as common shareholder.

e) Signature, discovery and production bonuses

Signature, discovery and production bonuses refer to bonuses that might be paid by the Company upon signature of a contract, bonuses owed further to the discovery of a commercial reservoir or bonuses owed after exceeding a certain production volume. The effective contractual provisions applicable to the Company, do not stipulate signature, discovery and production bonuses. The Company did not make such payments during 2020.

f) Licence fees, rental fees, entry fees, approvals and other considerations for licences and/or concessions

The report shows the fees paid for authorizations and licenses in the gas field, the amounts paid for approvals upon conclusion or amendment of concession agreements, approvals paid at the request of the petroleum agreement titleholder for

conclusion, amendment and termination of a petroleum agreement, payments made for annual approvals for the Petroleum Operations Program as well as for modifying the Petroleum Operations Program, approvals for performing well operations and fees related to investments and technology transfer. This includes royalties also, that were paid to several authorities for the concessions granted.

g) **Payments for infrastructure improvements**

Payments for infrastructure improvements in this report refer to improvements of the infrastructure only if these are used for other purposes than exploration, development and production. Moreover these payments refer to the improvement of the local infrastructure and not to the Company's infrastructure. The report includes their value at the time of payment. Constructions, infrastructure improvements performed only socially are not included in this report.

During 2020 the Company did not make payments for infrastructure improvements.

***Joint Ventures***

With respect to operations performed within joint ventures where SNGN Romgaz is operator, the amounts shown in this report are the amounts paid by the company pro rata with its interest share. In case the Company is part of a joint venture where it is not the operator; the amounts are stated based on the data made available by the operator.

***Material***

A payment, either a unique payment or a series of related payments, is not shown in the report if it is below RON 443,400 within a financial year (equivalent of EUR 100,000 exchange rate published in the Official Journal of the European Union on July 19, 2013).

***Payment in kind***

The Company does not make payments in kind.

***Reporting currency***

The report is prepared in RON. Payments made in other currencies than the national currency are shown in this report in RON at their payment value.

The payments made for the operations performed in Slovakia in 2020 are below the significant threshold.

In compliance with the reporting obligations previously mentioned, SNGN Romgaz SA publishes the **Report on payments to governments for financial year 2020**, under the model stated at Section 8.3 of the Order no.2844/2016 issued by the Public Finance Ministry as follows:
